

League Committee Report

The League committee, this past year, has focused on getting every League in the country to be an APTA League. To do this, we are attempting to educate every league on the value of moving to Paddlescores and having the PTI rating system.

As an incentive to make the move to Paddlescores, the APTA is offering to cover the cost of the website for any League that requires 100% of its members to join the APTA (including refunding any players who play in 3 or fewer matches) in perpetuity. We estimate there are at least 8,000 league players that are not currently APTA members. At \$35 for membership, that represents ~\$280,000 in potential APTA dues.

Here's a breakdown of where we stand with the Leagues we track:

APTA & Paddlescores Leagues:

1. Boston Men - 100% required (starting 2019/202)
2. Philly Men - 100% required
3. Philly Women - 100% required
4. Boston Women
5. Baltimore Men
6. Pittsburgh Men
7. Pittsburgh Women
8. Fairfield Women
9. Long Island Men - (new to Paddlescores next season); checking on 100%
10. Cincinnati Men - (new to Paddlescores); site shared with women's league
11. Colorado - very new (part club ladders and brand new league play); they have PaddleScores but didn't use it this season.
