This is an excellent opportunity to introduce new players to the sport, to introduce Juniors to the program (pros will be using a progressive tennis approach to get even the youngest on the court and hitting the balls); to get a few tips and suggestions for our more seasoned players and to see some incredible paddle by some of the top ranked players in the APTA.

You will be placed in groups according to current playing level – beginner to advanced/competitive.
Every effort will be made to accommodate every level at every time slot.

These clinics are offered to a select group of clubs each year and Toronto-area clubs (including Niagara/Fonthill/Buffalo/London) are fortunate to have been selected so please take advantage of this wonderful opportunity.
