The APTA is not just for tournament players, but for all those who enjoy platform tennis.

We are responsible for governing the sport, maintaining standards for courts, equipment, rules, and codes of behavior to ensure the integrity of the game. We create and increase awareness of our sport; sanction and promote events for beginners, juniors, club and tournament players, and professionals; fund the APTA Network and Live Streaming; maintain a comprehensive website at www.platformtennis.org; and host the virtual Platform Tennis Museum and Hall of Fame. We are committed to growing the sport by offering grants and loans to public-access facilities and sponsoring clinics and exhibitions around North America. An APTA membership includes eligibility for National Championships as well. Join now to ensure that you won't miss a single issue of *Platform Tennis Magazine*.
